

# VICE Shelter

**DO YOU USE YOUR CREATIVITY TO EXPRESS YOURSELF?**

**DO YOU USE YOUR CREATIVITY TO HAVE YOUR VOICE HEARD?**

**DO YOU USE YOUR CREATIVITY TO TRANSFORM YOUR EXPERIENCES?**

**DO YOU USE YOUR CREATIVITY TO FEEL POWERFUL?**

**Vice Media Group is working with Shelter to produce a documentary celebrating amazing young people who use creativity to express who they are despite current housing instability.**

(eg. sofa surfing, facing eviction, staying with friends, living in hostels)

**We want to hear from 16-30 year olds who use their creative expression to transform their experiences and have their voices heard by those that need to listen.**

(your creative expression could be writing, singing, painting, dancing, collage, embroidery, performance art, clothes, etc!)

**The film will be a powerful, hopeful and energetic look at the transformative power of art, activism and community.**

**We want to create a space to showcase your talent and brilliance and explore the way we use our creative expression to take our power back.**

If you would be up for having an initial chat with us to find out more, please **email:**
